[BUSINESS NAME] AI Use Policy

Effective date: [DATE]. Policy owner: [NAME, ROLE].

1. Why we use Claude

We use Claude to save time on drafting, sorting and summarizing, so we can spend more time with customers. Claude prepares; people decide.

2. What you may use it for

- Drafting emails, replies, quotes, proposals and posts
- Summarizing documents, email threads and meeting notes
- Organizing files and schedules
- Answering questions from our handbook
- [ADD YOUR OWN USES]

3. What you must never put in

- Card numbers or bank account numbers
- Social Security numbers or other government ID numbers
- Passwords or login codes
- Employees' medical, family or disciplinary information
- Customers' personal details the task doesn't need
- [ADD ANYTHING SPECIFIC TO OUR BUSINESS]

4. Check before anything leaves the business

Every result gets four checks before it reaches a customer, a supplier or the public:

1. **Facts** match the source: our profile, the email, the contract.
2. **Numbers** are recalculated by you.
3. **Names and dates** are right.
4. **Tone** is one you'd use face to face.

5. Who approves what

What	Who approves before it goes out
Messages to customers	The person sending them
Prices, discounts and quotes	[NAME]
Public posts and review replies	[NAME]
Contracts and anything legal	[NAME], with our lawyer
[OTHER]	[NAME]

6. Accounts

Use only the business's Claude accounts for business work, never a personal account. Don't share your login. When someone leaves, [NAME] removes their access the same day.

7. When something goes wrong

Fix it. If it reached a customer, tell [NAME] the same day. Then update the brief, the profile or this policy so it doesn't happen again. Mistakes reported early are never held against you.

8. Topics we've checked with a lawyer
